

7th IAAASS

Innovative Approaches for Identification of Antiviral Agents

September 23rd -27th 2024 - Pula (CA), Sardinia, Italy

- Informal and interactive international environment targeted to **early-stage researchers**
- Presentation of **most advanced methods** for the development of **novel antiviral agents**
- Plenary lectures reviewing **viral target identification** and **drug discovery** from **leading internationally-recognized experts** in virology, biochemistry, molecular modeling, and medicinal chemistry
- Afternoon sessions dedicated to **poster** and **oral presentations** from participants
- **Daily thematic discussion groups** stimulating interactions between early-stage researchers and senior scientists

Confirmed speakers

	Graciela Andrei (Leuven)		Ben Berkhout (Amsterdam)
	Kathie Seley-Radtke (Baltimore)		Jay Schneekloth (Frederick)
	Johan Neyts (Leuven)		Reuben Harris (San Antonio)
	Damian Young (Houston)		Angela Corona (Cagliari)
	Vincenzo Summa (Napoli)		Valeria Cagno (Lausanne)
	Philip Gribbon (Hamburg)		Brian Gowen (Logan)
	Joy Feng (San Francisco)		Chris Meier (Hamburg)
	Andrea Brancale (Prague)		

Submission deadline: 15th July 2024

Info: iaaass@unica.it - <https://sites.unica.it/iaaass/>

The Organizing Committee welcomes you to Polaris Technology Park, located in the territory of Pula (Cagliari) in a natural park at the foot of Sulcis mountains, South-Western coast of Sardinia. We look forward to sharing with you a wider view on current and future antiviral strategies in this amazing place!

Organizing Committee:

Enzo Tramontano, University of Cagliari, Italy
 Stuart Le Grice, NCI, Frederick, MD, USA
 Angela Corona, University of Cagliari, Italy
 Reuben Harris, HHMI & UT Health San Antonio, TX, USA
 Vincenzo Summa, Federico II University, Naples, Italy

Elias Maccioni, University of Cagliari, Italy
 Kathie Seley-Radtke, University of Maryland, MD, USA
 Ben Berkhout, Amsterdam University, Netherlands
 Graciela Andrei, UK Leuven, Belgium
 Johan Neyts, UK Leuven, Belgium
 Francesca Caboi, Sardegna Ricerche, Italy
